Group size	4 - 14 PAX
Highest Point	5090m
Price	from RMB 6,500.-
Contact and Details	wstourix@gmail.com

This trekking tour is an attractive variation of the traditional Minya Konka Circuit (Kora). It starts and ends in Lao Yulin Village near Kangding. Forests, streams, cliffs, wild flowers and animals, coloured pastures and Tibetan nomad tents mark our three days approach to the western branch ridge of Mt. Rewuqie (6376m). Our peak – unnamed so far – belongs to this ridge and is point of traverse for the loop back to Kangding. From its top we will have an unforgettable view on the closely neighbored peaks of the northern range as well as on Minya Konka (7556m) himself.

The ascent is secure and doable without mountaineering skills. However, accurate acclimatization is essential for the entire trip and thus exercised during the first three hiking days. Adequate comfort is guaranteed during the whole trip, such as pack horses, camping equipment, kitchen etc.

The price includes:

- Cooked fresh food, tents and ground mats
- Transport and pack horses
- Professional multilingual guidance
- All accommodation (2x hotel, 1x homestay, 4x camp)
